POST OFFICE.

SERAFIN APADACA, P. M. Office hours: Open from 9 A. M. until 4 P. M. On Sundays from 1 to 2 P. M. Mail closes going east at 11 A. M.

St. Johns, Thursday, February 19

Henry Smith, Esq., came down from the Cienega last Monday.

David Finch-Hatton was at the county seat on last Saturday.

Don Pedro Montano was in St. Johns on Sunday afternoon.

Weather cloudy with flattering prospects for another snow storm.

The Board of Supervisors are holding a special meeting to-day, in regard to the Atlantic and Pacific Railroad's taxes for 1890.

It is rumored that our old friend Walter Darling is going into business in Albuquerque. We wish him success, no matter where he may conclude to locate.

Ex-Sheriff Tomas Perez and Don Alejandro Peralta left on last Tuesday's buckboard for Albuquerque, where they intend spending a few days among their numerous old-time friends. We wish them "heaps" of fun and a pleasant trip.

Ex-Sheriff J. L. Hubbell left on last Tuesday morning for his place of business on the Navajo reservation. The spring trade with the Indians will soon open up, and he will be kept busy for about three months buying wool from the Indians.

There was quite an important transfer of town property last Tuesday. Hon. A. F. Banta purchased the property on the corner of Commercial and Springville streets, known as the Stover building. This is the first transfer of town property of any note that has taken place for quite a while, and may be the commencement of another era of prosperity for St. Johns.

The agricultural portion of our community have been busy for the past few days strengthening the dam of their reservoir south of town. We understand it is their intention to raise it ten or fifteen feet this fall. This would more than double the present supply of water and would permit of an increased acreage of tillable land.

St. George Creaghe, Esq., returned on last Friday afternoon from his ranch on the Coyote, and reports cattle in that section as very thin. Unless we have an early and favorable spring, he thinks there will be a large loss of cattle in the county. Prices need to go up considerably, to make up for the losses, which have been pretty heavy for the past two or three winters.

A rumor reached St. Johns on Friday night that—Anaya had been shot, somewhere near Woodruff, by Manuel Baca, a half-breed Indian, and that the wound proved fatal in a very short time. Anaya's parents live in Concho, where word was first received of the shooting. Deputy Sheriff Adelito Romero at once started for the scene of the shooting. We have been unable to learn any particulars at this writing.

Henry Huning, Esq., and Wm. Morgan, a prominent sheep man from the western portion of the county, came in on Saturday evening. They report stock in that section as being in good thriving condition. Fairly good beef can be obtained from the range, and sheep are looking better than usual at this season of the year. There has been comparatively little snow so far, and that did not lay on the ground any length of time.

Reports from various sources from that portion of the country northeast, east and southeast of St. Johns, say that our information last week was incorrect, and that the section named above has been visited by a remarkably cold snap, with an extraordinarily heavy fall of snow. Mr. Lindsley, who has charge of Louis Huning's sheep in that quarter, was in town on last Saturday, and reported that in one band of about 3,000 head, 1,000 froze to death in one night. Another report is that Hon. F. A. Hubbell, formerly of this place, lost 1,500 from one band on the same night from the same cause. Mr. Lindsley says that he saw a great many carcasses of cotton-tail and jack rabbits, which had succumbed to the cold and passed in their cheeks. This

is something remarkable, and we believe is the first time we have ever heard of rabbits freezing to death so far south.

We are reliably informed, by an experienced coal miner, that a splendid prospect for coaling coal has just been discovered about seven miles from St. Johns, and that the vein had been traced to within four miles of this place. Should this prove true, and a good strong vein of coaling coal be developed, it would undoubtedly cause the building of a branch road from the Atlantic and Pacific to the point of discovery. The route over which such a road would pass, requires very little grading, the greater portion of the way would only require a road bed, cross ties and rails. We trust the find may develop into all, and more than its discoverers anticipate.

The Prescott Courier says: Charley O'Malley, an old Prescott boy, now of Los Angeles, has returned to see us all, likewise to purchase beehives. He thinks beef cattle will soon be worth three cents per pound, gross. Others think they will rise higher than that. Hope so, at any rate. Poor devils who have raised them need a raise of this kind.

It begins to look as if the above prediction was being verified, as we are reliably informed that Charles Zeiger, of Navajo Springs, is now engaged in gathering four car loads of beef steers, for California parties, for which he is to receive \$2.00 gross. THE HERALD does not care how high cattle go, but does not want to see them as low as they have been. When beef steers are worth from \$35 to \$40 per head on the range, every thing flourishes; money is plenty and every body happy.

Last year:
Her eyes were rheumy, and weak and red,
Her breath—you could smell it afar,
She had ringing and distressing catarrh in her head,
And the cause of it all was catarrh.

This year:
Her breath is as sweet as the new mown hay,
Her eyes are as bright as a star,
And the cause of the change, she is ready to say,
Was the Dr. Sage's Catarrh Remedy.

Dr. Sage's Catarrh Remedy will positively cure catarrh in the head, no matter how bad or of how long standing. Fifty cents, by all druggists.

Disorders which Affect the Kidneys
Are among the most formidable known. Diabetes, Bright's disease, gravel and other complaints of the urinary organs are not ordinarily cured in severe cases, but they may be averted by timely medication: A useful stimulant of the urinary glands have ever been found in Hostetter's Stomach Bitters, a medicine which not only affords the requisite stimulus when they become inactive, but increase their vigor and secretive power. By increasing the activity of the kidneys and bladder, this medicine has the additional effect of expelling from the blood impurities which it is the peculiar office of those organs to eliminate and pass off. The Bitters is also a purifier and strengthener of the bowels, an invigorant of the stomach, and a matchless remedy for biliousness and fever and ague. It counteracts a tendency to premature decay, and sustains and comforts the aged and infirm.

CATTLE BRANDS.

Ear mark: Crop left.
TWENTY-FOUR CATTLE COMPANY.
Postoffice: Springville, A. T.
Horse Brand: left hip.

OTHER BRANDS
left thigh. A left jaw.

Post Office, Los Lunas, New Mexico. Range, Los Lunas, Valencia county, New Mexico.

You are in a Bad Fix
But we will cure you if you will pay us. Men who are Weak, Nervous and Debilitated, suffering from Nervous Debility, Seminal Weakness, and all the effects of early Evil Habits, or later indiscretions, which lead to Premature Decay, Consumption or Insanity, should send for and read the "Book of Life," giving particulars of a Home Cure. Sent (sealed) free, by addressing Dr. Parker's Medical and Surgical Institute, 151 North Spruce St., Nashville, Tennessee. They guarantee a cure or no pay.—The Sunday Morning.

Apply for Information About THE GREAT SOUTHWEST

Where last year farmers netted \$100 to \$200 per acre for fruit, grown on land that can be duplicated today for \$4.00 per acre.
Where five tons of alfalfa hay, worth \$20 per ton, was grown on land the like of which can be bought for \$15 per acre.
Where many other products such as sweet potatoes, tomatoes and early vegetables netted as large and larger profits than fruit.
Where the summers are cool, the winters warm, cyclones unknown and malaria unheard of.
Where there is the best opening in the world for honest industry.

To W. F. WHITE,
Passenger Traffic Manager, A. T. & S. F. R. R.
Or, HENRY F. GIBBSON,
Immigration Agent, A. T. & S. F. R. R.
603 Rialto Building, Chicago, Ill.

This railway passes through twelve states and territories, and having no lands of its own, it sells no stock, and in giving any other than absolutely reliable information, it realizes that the prosperity of the farmers of the great southwest means prosperity to itself, and is thus naturally willing to aid the immigrant as much as possible.

Big Glathacknowledges
leading remedy for all the venereal diseases and private diseases of men. A certain cure for the detestable weakness peculiar to women.
I prescribe, and feel safe in recommending it to all sufferers.
